

THE PERTH MINT
AUSTRALIA

Australian Origin Gold

Responsibly sourced solely from Australian gold mines.

Responsibly sourced Australian gold

Australia is the third largest producer of gold globally and hosts two of the world's 20 largest gold mines.

Investors are increasingly looking for transparency around the origins of their precious metals purchases. Our Australian Origin Gold 1kg gold bars are produced from gold doré responsibly sourced from primary mining sites located across Australia.

Our refinery is ISO 14001:2015 Environmental Management System accredited, and as a Western Australian Government Trading Enterprise we are bound by the State's Environmental Policies, including the commitment to reduce carbon emissions by at least 80% by 2030.

Under our sustainability strategy, we abide by:

- The LBMA's Responsible Gold Guidance and Responsible Silver Guidance.
- The OECD Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas - Supplement on Gold.
- The World Gold Council's Responsible Gold Mining Principles in terms of our assessment of primary gold suppliers globally.

Our commitment to sustainability is key to everything we do and, just as importantly, the activities that we choose not to do.

Know your client

Our supply chain mines have undergone Know Your Client (KYC) checks and their operations are in line with the World Gold Council 'Conflict-free Gold Standard', Human Rights and Labour Practices.

Global accreditation

Our refinery is one of a select group of gold refiners that has accreditation from all five of the world's major gold exchanges:

- London Bullion Market Association (LBMA)
- The Chicago Mercantile Exchange (CME)
- Shanghai Gold Exchange (SGE)
- Osaka Exchange, Ltd (OSE)
- Dubai Multi Commodities Centre (DMCC)

We are regularly audited by the LBMA to ensure we always meet its exacting standards. We also undertake regular internal reviews of our compliance with the requirements of the other major international exchanges.

The Government of Western Australia, sole owner of The Perth Mint, guarantees all our operations, undertakings and obligations under the Gold Corporation Act 1987.

We have been refining gold for more than a century and our comprehensive guarantee is unique in the world of precious metals. We are trusted as one of the lowest risk refineries in one of the most secure geopolitical areas across the globe.
